Overview

Product / UX Designer with **7+ years of experience** designing large-scale digital products across **fintech, travel tech, and AI-powered applications.**
Experienced in user-centered design, interaction design, and scalable design systems. Proven ability to collaborate with cross-functional and international teams to deliver products used by **millions of users.**

Work experience

Tripool Travel │ Product Designer
Aug 2024 — Present

- Designed long-distance booking flows for an international travel platform serving international travelers across **Taiwan and 6+ Asian countries**.
- Focused on high-consideration transportation bookings for foreign travelers, improving clarity and trust.
- Contributed to a secondary product (Round Taiwan Round) and conducted user interviews with international travelers from **Japan, the U.S., and Singapore.**

KKday │ Product Designer
Aug 2022 — Jan 2023

- Designed and optimized flight booking flows for the **Korea market** within a global platform operating across **90+ countries.**
- Worked on high-frequency purchase and post-purchase flows across **iOS, Android, and web.**
- Collaborated with cross-functional and international teams in Agile product development.

Cathay United Bank │ Product Designer
Nov 2019 — Jul 2022

- Led redesign of core fintech features (transfer, credit card) in a mobile banking app serving **3M+ users.**
- Contributed to **~1M user growth** during the redesign cycle in a regulated financial environment.
- Built a shared component library with a team of designers to improve consistency and efficiency.

KVB Prime │ UX/UI Designer
Jan 2019 — Oct 2019

- Designed end-to-end UX/UI for a large-scale forex trading platform serving clients across **100+ countries.**
- Worked on real-time, data-intensive trading interfaces supporting high-frequency user actions and decision-making.
- Led UX/UI design for an early-stage **crypto trading MVP**, including user flows, interfaces, and internal design workshops from concept to prototype.

VIADNA Agency │ GUI Designer
Sep 2017 — Aug 2018

- Delivered UI and visual design solutions for **enterprise clients in finance, telecom, and technology sectors.**
- Supported multiple client projects and design proposals recognized by industry awards.
- Collaborated within cross-disciplinary teams across research, UI, and visual design.

OurCityLove Nonprofit
Sep 2014 — Feb 2016
UX/UI Designer, Project Manager

- Designed mobile apps and service experiences for **disabled and underserved user groups.**
- Collaborated with **government agencies** on public-sector healthcare and service platforms.
- Applied accessibility and inclusive design principles across app and service design projects.
